To Whom It May Concern:

Weld County hired Rick Zion with Git-R-Done pest Control in 2009. I have been very pleased with the work that Rick has done. The cost was affordable. He did a complete job of treating our prairie dogs. Rick also went out of the way to make contact with the neighboring landowners to try and treat their prairie dogs at the same time. It was easy to work with Rick. He has been very responsive when I have had a question or needed to change the plans. I am excited about the GPS mapping ability that he now has on the equipment. This will make documentation and justification much easier.

Overall I am very pleased with the working relationship that I have with Rick Zion from Git-R-Done Pest Control. If you have any questions or need additional information, feel free to call me at 970-304-6496 ext. 3770.

Sincerely,
